## **DETAILED ACTION**

### ***Examiner's Comment***

The amendment, filed March 2<sup>nd</sup>, 2009 failed to state that the clean copies of the abstract and the first paragraph of the specification were replacing the old abstract and the first paragraph of the specification. The paper has been entered. However, all future correspondence should either contain a marked up copy of the original abstract and paragraph of the specification, or a clean copy with the accompanying statement, "Please delete (the first paragraph of the specification/the abstract), and replace it with the following new (paragraph/abstract):".

For clarity, it is noted that **the abstract filed March 2<sup>nd</sup>, 2009 is replacing the prior version of the abstract. Furthermore, the first paragraph of the specification has been deleted, and the new paragraph, filed on March 2<sup>nd</sup>, 2009 has replaced it.**

### ***Response to Arguments***

Applicant's amendment, filed March 2<sup>nd</sup>, 2009, has overcome the specification and claim objections. The objections of the specification and the claims have been withdrawn.

### ***Examiner's Reasons for Allowance***

Claims 1-23 are allowed over the prior art of record for the reasons set forth in the previous Office Action (paper number 20090130).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
